About

Detail-oriented Full-Stack Developer with hands-on experience building scalable web applications using React, Node.js, and TypeScript. Proven ability to deliver responsive UIs and robust backend APIs. Strong team collaborator, quick learner, and passionate about building impactful tech products.

Experiences

FULL-STACK DEVELOPER INTERN – FIKRALABS

AGADIR, MOROCCO | MARS 2022 — AUG, 2023

Worked on various web projects, including MentorElles and Sponsoio, contributing to both front-end and back-end development. Developed and optimized product landing pages, ensuring responsive and user-friendly designs. Utilized cutting-edge technologies to build scalable and efficient web applications. Collaborated with cross-functional teams to enhance functionality and improve user experience.

- Developed backend APIs using Node.js, Express.js, and PostgreSQL, ensuring efficient data processing and integration.
- Built responsive front-end interfaces with ReactJS and NextJS, integrating them seamlessly with backend APIs.
- Designed and implemented product landing pages using TailwindCSS, optimizing for responsiveness and user experience.
- Collaborated with cross-functional teams to improve functionality, user engagement, and overall project efficiency.

Tech Stack: ReactJS**,** NextJS**,** NodeJS, ExpressJS, PostgreSQL, MongoDB, and TailwindCSS.
